SHOTESHAM CONTACT

September 2015

Since the King James Version of the Bible, the Authorized Version, was completed in 1611, there have been a number of translations, including the New English Bible which was published in 1961. I have recently been loaned a short book (published in 1978, entitled 'Orl beatific an new' by Colin Riches) with a number of Old Testament stories which have been written in Norfolk Dialect. I have shown it to a few members of the parish, hinting, perhaps with my tongue in my cheek, that it might be read in All Saints'! Perhaps, I might give two short excerpts:

Creation of Adam - but God, he set down an thought about what he's mearde, and he say to hisself, "Thare's suffun missing....I know. Thare int ne people about! We carnt hev a warld w' no people in it". So, with his hid in his hands, he thought hard fer a long, long toime. Then he mearde a man. An he dint harf put some thought inter him, I'll tel yer. Mearde man like hisself he done. Give him a soul so's he could dream an think an plan, an work out ideas. Mearde him so he'd appreciearte bewty and truth, an know what love was orl about. An he mearde a woman too, te be man's loife partner.

Ten Commandments.

1. Yew int t'hey iny other gods te set aginst me.
- 2 Yew int to mearke iny carved images o' bards, animals, or fish.
- 3 Dornt use moy nearme te swear with.
- 4 Keep the Sabbath day hooly.
- 5 Be proud o' yer Mum and Dad, so's yew'll live long in the land what God is a givin on yer.
- 6 Dornt commit murder
- 7 Dornt commit adultery.
- 8 Dornt steal.
- 9 Dornt tell lies about yer nearbour.
- 10 Dornt wish yew hed yer nearbour's house or his wife, his sarvents, his animals, or inythin whass his.

SHOTESHAM PARISH COUNCIL. We are pleased to welcome Mark Riches as the new member of the Council. Despite our efforts the telephone boxes remain in need of refurbishment. We are renewing our endeavours to complete the work as soon as is possible. More information about the activities of the Council can be found on the Village website.

Shotesham Footpaths

We are very lucky to have 21 footpaths in and around Shotesham. We all know walking improves our physical and mental health and recent research suggests walking improves brain health and memory. We can exercise our dogs and generally enjoy the wonderful views and nature along the way. In short the paths are a wonderful village asset. Keeping the paths open and easily walked doesn't happen by magic. For the most part the footpaths are in good order, thanks to the farmers, landowners and footpath carers keeping the paths clear. The footpath carers are villagers who have volunteered to look after a particular path, to walk it on a regular basis and report any problems, for example broken stiles, or overgrown areas. Many of the carers trim overhanging brambles and work to make sure the paths do not fall into disrepair.

Each year, at the end of July beginning of August we conduct a survey and review the state of the paths. The survey is passed to the Parish Council who work with the landowners, farmers and County Council to rectify any identified areas of concern. Some things are easily rectified whilst others, for example the bridge at Joy's Loke, take a long time to sort out. But many of you have already noticed we have a nice new bridge there at a cost of £3000, so all the effort proved worthwhile.

If you would like to be part of the informal group who look after the paths as a footpath carer, or you want to report a problem with a footpath please contact shoteshamfootpaths@hotmail.com
