

GIVE AND TAKE REUSE EVENT

Come to our Give and Take event and reuse/recycle your unwanted items, or come along and take something away.

Our next Give and Take event:

When: Friday 9 December 2016

What time: Items can be dropped off between 9am and 3pm

Items can be taken away between 11am and 3pm

Where: Hempnall Village Hall, Bungay Road, Hempnall, NR15 2NG

Turn over to see the full list of items that you can bring along or that may be available to take away from our next event.

GIVE AND TAKE REUSE EVENT

What can I bring along?

Furniture: bring along any furniture in good condition and, if upholstered, with a fire label still attached. Items not reused locally will be donated to EACH.

Electrical items: any small household items such as kettles, vacuum cleaner, TV's etc. (see website for full list). All items will be PAT safety tested before placed out for reuse. Items not reused will be donated to EACH.

Textiles: unwanted clothing and textiles. Items not reused will be donated to Charity. We cannot accept pillows, duvets or carpets.

Books: we will reuse all books.

Household paint: a max of 2 cans per customer. Paint must be water based emulsion, no more than 2 years old and have a minimum of half a tin per pot.

Bicycles: we are taking bicycles and bike parts to be reconditioned by HMP Wayland.

Things you need to know

The event is for materials from households, not businesses. If your items can fit in a family car, then we can take them. We cannot accept fridges/freezers or fluorescent tubes. A limited number of items can be taken away per person. All electrical items are safety tested before they are available to be re-homed. All money donated for reuse items will be given to the Chairman's charities.

Visit www.south-norfolk.gov.uk/recycle for further details.

High energy bills? Struggling to keep your home warm?

Bring along your energy bills to the Reuse event and we can register you for the **big switch and save**, a simple, hassle free way to find the best energy tariff.

You can also find out about grants for loft and cavity wall insulation. For more information call 01508 533677.
